

Thank you to all who attended the [Bone Research Society-British Society for Matrix Biology meeting](#) in London!

The meeting was attended by almost 350 delegates and we are grateful to all those who made the meeting so worthwhile, including in particular our keynote speakers and sponsors, as well as all those who submitted work for presentation at the meeting.

The programme is still available to view by using the link above and please visit our sponsors' page for more about their products and services.

BRS abstracts will be published in *Calcified Tissue International* and BSMB abstracts will appear in the *International Journal of Experimental Pathology*.

Annual Meetings in 2010

We hope to see you next year!

Local Organisers: Tim Arnett | Andy Pitsillides | Sanjeev Patel | Tonia Vincent
